Volume: 22-14

RPW Associates, Inc is pleased to announce that we have formed a strategic alliance with **AJB Distributing Canada and Eternabond** for the sales and distribution of the Eternabond roofing tapes.

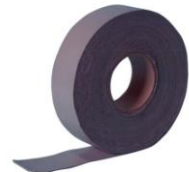

ETERNABOND® is the only MicroSealant® in a tape form available that will stop virtually any leak or water proof any surface in minutes.

RoofSeal tapes are available in white black or grey in roll sizes of 4", 6" & 8" x 50'. These tapes contain provide a UV Stable poly backer with a synthetic of Micro-adhesive resins that provide an instant repair. Roof Seal waterproofing tapes can be used in Commercial, industrial & residential roofing systems including EPDM, TPO, PVC, SBS modified, shingles Fibreglass and metal forming a water-tight seal

Eterna Primer should be used to Simplify the application when RoofSeal tapes are applied to masonry or metal surfaces that are hard to clean. Eterna Prime should not be used on PVC roofing systems.

RPW Associates, Inc will continue to our promotion of the double stick tape for use with *proSeal* roofing systems.
